Licence terms and conditions

1 July 2026

Good Environmental Choice

GENERAL TERMS AND CONDITIONS

01.07.2026

Precedence

This is a translation of the Swedish terms and conditions. If there is uncertainty as to how a specific provision shall be interpreted, the original Swedish version always prevails.

1 Definitions

Application: The Licence Holder's application for a Licence, completed using the application form specified by the Swedish Society for Nature Conservation.

Application Fee: The fee that the Licence Holder shall pay to the Swedish Society for Nature Conservation for the Application to be considered.

Criteria: The criteria, which are reproduced in a separate document, and determined by the Swedish Society for Nature Conservation that the Product must fulfill for a Licence to be granted and retained.

General terms and conditions: General terms and conditions in this document.

Good Environmental Choice: A collective term for the distinctive marks that may be used and the references that may be made under the Licence issued, consisting of the Swedish Society for Nature Conservation's distinctive marks: the Bra Miljöval label, the words Bra Miljöval and Good Environmental Choice, and information about the environmental work of the Swedish Society for Nature Conservation and the Product's compliance with the Criteria.

Good Environmental Choice Label: The figurative marks which are included in Good Environmental Choice, the current design for which is shown in Communications manual, section Logotype and graphical guidelines.

Instructions: The Swedish Society for Nature Conservation's requirements for Inspection.

Inspection: The annual inspection that shall be carried out to check the Licence Holder's compliance with the Licence Terms and Conditions.

Licence: The Licence Holder's non-exclusive right to use Good Environmental Choice in its business operation in accordance with the Licence Terms and Conditions.

Licence Fee: The annual fees that the Licence Holder shall pay to the Swedish Society for Nature Conservation for the Licence.

Licence Holder: The party applying for a Licence and whose contact details are stated in the Application.

Licence Term: The period that runs from when the Licence is granted until the Licence ceases to apply in accordance with the Licence Terms and Conditions.

Licence Terms and Conditions: The terms and conditions, comprising these General Terms and Conditions and Special Terms and Conditions, as well as associated appendices, such as the Application, Criteria, Communications manual, section Logotype and graphical guidelines, any exemptions and practice etc., which govern how the Licence Holder shall apply for a Licence and how the Licence may be used.

Special Terms and Conditions: Special rules adapted to the respective product category.

The Product: The goods, service or operations stipulated in the Application and for which the Licence Holder is applying for a Licence.

The definitions in these General Terms and Conditions apply to the Licence Terms and Conditions and can be used in both the singular and plural without any effect on the meanings according to the above.

2 The rights to Good Environmental Choice

By submitting the Application, the Licence Holder acknowledges that the Swedish Society for Nature Conservation has exclusive rights to Good Environmental Choice. Furthermore, the Licence Holder undertakes not to contest, directly or indirectly, the Swedish Society for Nature Conservation's exclusive rights to Good Environmental Choice during the Licence Term, before or after the expiry of the Licence Term.

3 Consideration and granting of a Licence

- 3.1. An Application may only relate to one Product.
- 3.2. The Swedish Society for Nature Conservation will grant the Licence Holder a Licence for the specified Product, provided the Licence Holder:
 - a) has correctly submitted the Application to the Swedish Society for Nature Conservation and thereby accepted the Licence Terms and Conditions,
 - b) pays the Application Fee to the Swedish Society for Nature Conservation in accordance with the provisions contained in the Special Terms and Conditions, and
 - c) demonstrates that the Product complies with the requirements according to the Criteria.
- 3.3. If a Licence has been granted, the Swedish Society for Nature Conservation shall, within a reasonable time, publish details of the granted Licence in a register that is available to the public.
- 3.4. The Swedish Society for Nature Conservation reserves the right, notwithstanding the provisions contained in sub-clause 3.2, to refuse to grant a Licence if the Licence Holder:
 - a) provides incorrect or incomplete information to the Swedish Society for Nature Conservation in, or in conjunction with, the Application;
 - b) has been sentenced for an offence or is the subject of an investigation or proceedings concerning a possible offence;
 - c) has implemented a marketing measure using environmental arguments resulting in a conviction in the Patent and Market Courts or a critical statement from the Swedish Advertising Ombudsman (Stiftelsen Reklamombudsmannen);
 - d) in its business operation has used Good Environmental Choice or other references to the Swedish Society for Nature Conservation in violation of applicable law;
 - e) has held, or holds, a Licence and has breached the Licence Terms and Conditions applicable from time to time; or
 - f) is a group company in a parent and subsidiary relationship according to the Swedish Companies Act (2005:551), and one of the companies in the group has been refused a Licence, or if there is any reason as to why they may be refused a Licence according to this sub-clause 3.4.
- 3.5. If the Swedish Society for Nature Conservation does not grant a Licence to the Licence Holder on the grounds of deficiencies referred to in sub-clause 3.2 or sub-clause 3.4 a), the Licence

Holder has thirty (30) days within which to rectify the situation following a written request to do so by the Swedish Society for Nature Conservation. If corrective action is not taken within this period, a Licence will not be granted.

- 3.6. Irrespective of what is stated above, the Swedish Society for Nature Conservation reserves the right to refuse to grant a Licence for any Product that contravenes the work and policies of the Swedish Society for Nature Conservation (see the website of the Swedish Society for Nature Conservation for more information).
- 3.7. In accordance with the provisions of clause 20 below, the Licence Holder is entitled to request a re-examination of a decision by the Swedish Society for Nature Conservation not to grant a Licence.
- 3.8. The Application Fee is a one-off fee which passes to the Swedish Society for Nature Conservation and which is not repaid to the Licence Holder, even if it withdraws its Application or if a Licence is not granted.
- 3.9. The Swedish Society for Nature Conservation is entitled, but not obligated to, at its own expense, conduct inspections at the Licence Holder's premises to check the Product's compliance with the Licence Terms and Conditions. The right to perform such an inspection shall continue to apply for two (2) years after the end of the Licence Term, unless there is manifestly no need for an inspection.

4 Licence fee

The Licence Holder shall pay the fees, including the Application Fee and annual Licence Fees, to the Swedish Society for Nature Conservation in accordance with the Special Terms and Conditions.

5 Qualitative requirements

The Licence Holder shall:

- a) comply with applicable legislation and official requirements,
- b) ensure that the Product at all times satisfies the requirements contained in the Criteria,
- c) document any changes or events within the Licence Holder's operation or regarding the Product that are or may be of importance for the Licence. In the event of such a change, and prior to the change being implemented, the Licence Holder shall without delay notify the Swedish Society for Nature Conservation in writing of the nature of the change,
- d) at its own expense, provide information and implement the measures required by the Swedish Society for Nature Conservation to ensure that the Licence Holder complies with the Licence Terms and Conditions, including any

certificate from an auditor, an environmental auditor or other party, in accordance with the provisions on Inspection below,

e) be responsible for ensuring that subcontractors, or other third parties engaged, observe the Licence Terms and Conditions in those respects that are relevant for the Licence, and

f) report any changes or events which occur at an engaged subcontractor that are or may be of importance for the Licence.

6 Licence, reproduction of the Good Environmental Choice label and marketing rules

6.1. After the Licence is granted the Licence Holder is entitled, in compliance with the Licence Terms and Conditions, to use Good Environmental Choice and references to it for the purposes of marketing and selling the Product.

6.2. The Good Environmental Choice label shall be reproduced as depicted in the applicable rules in the Communications manual, section Logo-type and graphical guidelines published by the Swedish Society for Nature Conservation. The design of the Good Environmental Choice label may not in any way be changed or distorted. Furthermore, no additional text or symbols may be added to the Good Environmental Choice label or be placed immediately next to it without a prior written approval by the Swedish Society for Nature Conservation.

6.3. The Good Environmental Choice label shall be placed in a clearly visible and appropriate position so that it is obvious what the labelling refers to.

6.4. The Licence Holder is responsible for ensuring that:

a) the area of the Good Environmental Choice label is not less than two (2) % of the area of the printing surface, and

b) all text in, or adjoining, the Good Environmental Choice label is reproduced in such a format that even the small print text is legible under normal reading conditions.

Exceptions from the provisions contained in sub-clause 6.4 may be granted for the use of the Good Environmental Choice label on very small or very large packages, tickets, signs or the like. Such exemptions shall be written and issued by the Swedish Society for Nature Conservation before the Licence Holder begins using the designated label.

6.5. The Licence Holder shall in connection with all marketing and sales of the Product, ensure that:

a) the Product is labelled with the Good Environmental Choice label and that the Good

Environmental Choice name is only used and re-ferred to in accordance with the Licence Terms and Conditions. The Licence Holder must also ensure that any third party, such as but not limited to retailers or subcontractors, uses the Good Environmental Choice label in accordance with all the applicable Licence Terms and Conditions,

b) the Product is otherwise marketed or sold only under the product name or the designation that is covered by the Licence,

c) marketing or sales do not give the impression of relating to products or such part of the Licence Holder's operation that is not covered by the Licence,

d) marketing or sales do not give the impression that the Product does not comply with the relevant Criteria,

e) marketing or sales do not contravene the objectives or policy of the Swedish Society for Nature Conservation or the provisions of applicable law, and

f) other expressions, symbols or labels that refer to the Product's environmental qualities fulfill the following requirements:

– cannot be confused with Good Environmental Choice,

– are administered by an independent environmental labelling body,

– are based on relevant environmental criteria that are available to the public and predetermined, and

– are directly relevant to the Product and the Product's market.

6.6 All information about, or references to, Good Environmental Choice on the Product, in marketing material, catalogues, product samples, etc. shall be compatible with the Swedish Society for Nature Conservation's guidelines applicable at any time.

7 Inspection

7.1. Unless otherwise stated in the Special Terms and Conditions, the Licence Holder shall voluntarily carry out an annual inspection of the Product's compliance with the Licence Terms and Conditions, and report the results to the Swedish Society for Nature Conservation. The Inspection shall be carried out in accordance with the Instructions of the Swedish Society for Nature Conservation. The Inspection shall be examined and approved in writing by the Licence Holder's authorized signatory, auditor,

environmental auditor or other party in accordance with the Instructions and be submitted within the time specified in the Instructions. The Licence Holder will be informed of the Instructions no later than three (3) months before the final date for the Inspection.

- 7.2. The Licence Holder is responsible for ensuring that:
- a) the Inspection covers those parts of the Licence Holder's operation that are affected by the provisions contained in the Licence Terms and Conditions,
 - b) copies of the Application, the Licence Terms and Conditions and the Licence are stored together, readily available at the Licence Holder's premises,
 - c) an Inspection can be conducted at subcontractors, regarding everything of importance for the Licence, and
 - d) the Licence Holder has financial systems and routines in such good order that it is possible to verify that the provisions in the Licence Terms and Conditions are being observed.
- 7.3. In the event of a delayed Inspection, a late fee is charged of ten thousand (10,000) SEK per week commenced.
- 7.4. Where an Inspection in accordance with the Instructions must be examined and approved in writing by an auditor, the auditor must be a member of FAR (the Institute for the Accountancy Profession in Sweden) and an authorized public accountant. An approved public accountant without the examination of professional competence may only be engaged in those cases where the legislator has approved this for the Licence Holder's ordinary bookkeeping.
- 7.5. If the Licence Holder is registered in a country other than Sweden, the auditor/audit firm shall comply with that country's legislation.
- 7.6. The provisions contained in this clause 7 shall continue to apply for two (2) years after the end of the Licence Term, unless there is manifestly no need for an Inspection.

8 Licence Term

The Licence shall apply indefinitely, however no longer than the end of the validity period specified in the Criteria.

9 Termination of the Licence

- 9.1. The Licence Holder is entitled, in compliance with the provisions in this clause, to give written notice of termination of the Licence at any time to the Swedish Society for Nature Conservation. The notice period for termination of the Licence by the Licence Holder is six (6) months calculated from the date on which the notice of termination is received by the Swedish Society for Nature Conservation.

- 9.2. The Swedish Society for Nature Conservation is entitled to terminate the Licence if:
- a) the Criteria or essential parts of the Licence Terms and Conditions are revised;
 - b) limitations for products subject to criteria assessment are changed with the consequence that the Product no longer belongs to any group that is subject to criteria assessment;
 - c) ecolabelling activities for the product group to which the Product belongs are brought to an end;
 - d) it transpires that according to new scientific information the Product no longer meets the requirements that the Swedish Society for Nature Conservation imposes in the Criteria;
 - e) it becomes evident that the Product, in the reasonable assessment of the Swedish Society for Nature Conservation, contravenes the Swedish Society for Nature Conservation's work and policy; or
 - f) the Licence Holder has undertaken marketing measure using environmental arguments resulting in a conviction in the Patent and Market Courts or a critical statement from the Swedish Advertising Ombudsman (Stiftelsen Reklamombudsmannen).
- 9.3. Termination of the Licence by the Swedish Society for Nature Conservation shall be in writing and shall be sent to the Licence Holder in accordance with clause 18. The notice period for termination of the Licence by the Swedish Society for Nature Conservation is a minimum of six (6) months from the end of the month immediately after the notice of termination is received by the Licence Holder.
- 9.4. If the Swedish Society for Nature Conservation terminates the Licence in accordance with sub-clause 9.2 d), the Licence Holder is entitled to a period of thirty (30) days to submit amendments and have the Product re-examined free of charge. If the Product is approved on re-examination, the notice of termination shall be without effect.
- 9.5. In accordance with the provisions of clause 20 below, the Licence Holder is entitled to request a re-examination of a decision by the Swedish Society for Nature Conservation to terminate the Licence under sub-clause 9.2.
- 9.6. If the Licence is terminated according to clause 9, the Licence Holder shall pay the Licence Fee during the notice period for termination, irrespective of which party is terminating the Licence. The Licence Fee shall be finally settled through a subsequent Inspection.
- 9.7. Regardless of the reason for, and regardless of which party has terminated the Licence, the Criteria and Licence Terms and Conditions shall continue to apply during the termination period.

10 Notice of termination with immediate effect

- 10.1. The Swedish Society for Nature Conservation is entitled to terminate the Licence with immediate effect if:
- a) the Licence Holder or a subcontractor engaged by it materially breaches the Licence Terms and Conditions;
 - b) the Licence Holder is declared or applies to be declared bankrupt, enters into liquidation, initiates composition negotiations or if the Licence Holder is otherwise insolvent;
 - c) the performance of the contract by the parties is essentially impeded during a consecutive period of more than two (2) months as a consequence of circumstances referred to in sub-clause 16.6 below; or
 - d) the Licence Holder is the subject of an investigation, prosecution or other legal process concerning a possible offence that, according to the Swedish Society for Nature Conservation's assessment, may cause harm to the trademark, reputation or commercial interests of the Swedish Society for Nature Conservation.
- 10.2. In the event of notice of termination in accordance with sub-clause 10.1 a), b), and d), all Licence Fees paid shall pass to the Swedish Society for Nature Conservation. The Licence Holder shall also pay any outstanding Licence Fees that are determined during a subsequent Inspection.
- 10.3. In accordance with the provisions of clause 20 below, the Licence Holder is entitled to request a re-examination of a decision by the Swedish Society for Nature Conservation to terminate the Licence under this clause.

11 Prohibition on use after the Licence Term

After the end of the Licence Term, the Licence Holder may not use or refer to Good Environmental Choice without the written consent of the Swedish Society for Nature Conservation. This means, among other things, that Good Environmental Choice may neither be used nor referred to in marketing, sales or distribution of the Product, nor may the Licence Holder in any other way disseminate the Product or information material, such as brochures, websites or media advertising, while using or referring to Good Environmental Choice, without the written permission of the Swedish Society for Nature Conservation.

12 Publication of notice of termination of Licence

Following notice of termination of the Licence, the Swedish Society for Nature Conservation is

entitled to announce that the Licence Holder is no longer entitled to use Good Environmental Choice as well as the reasons for the termination of the Licence. If notice of termination of the Licence is given in accordance with sub-clause 10.1 a), b), or d), the Swedish Society for Nature Conservation is entitled to reasonable compensation from the Licence Holder for this announcement.

13 Amendments

- 13.1. The Swedish Society for Nature Conservation reserves the right to correct or amend these Licence Terms and Conditions and the fees that shall be paid in accordance with the Special Terms and Condition at any time.
- 13.2. The Swedish Society for Nature Conservation shall in good time and no later than six (6) months in advance give the Licence Holder written notice of the amendments in order for the amendments in question to apply between the parties.
- 13.3. In addition to the provision in sub-clause 13.1, the Swedish Society for Nature Conservation is also entitled to adjust the Criteria in order to implement minor concessions and clarifications. Such amendments apply when the Swedish Society for Nature Conservation give the Licence Holder written notice (e.g. via e-mail) of the amendments in question.
- 13.4. The Swedish Society for Nature Conservation shall ensure that applicable Licence Terms and Conditions are available on the Swedish Society for Nature Conservation's website.

14 Damages

The Licence Holder shall hold the Swedish Society for Nature Conservation harmless from all damages (both direct and indirect) without any limitation on the amount arising from the Licence Holder's use of the License or otherwise as a result of a breach of the License Terms. If the Swedish Society for Nature Conservation breaches any provision of the License Terms, the Swedish Society for Nature Conservation shall, subject to the liability limitations set out in Section 16, compensate the Licence Holder for damages arising from the breach of contract.

15 Penalties

- 15.1. If the Licence Holder uses Good Environmental Choice in breach of the Licence Terms and Conditions, the Licence Holder shall pay a penalty to the Swedish Society for Nature Conservation.
- 15.2. The penalty shall be calculated as follows.
- If the Licence Holder's annual turnover does not exceed twenty million (20,000 000) SEK, the Licence Holder

shall pay a penalty of the higher amount of (1) the amount which the Licence Holder saves from its breach of the Licence Terms and Conditions and (2) ten thousand (10,000) SEK per week commenced during which the breach occurs to the Swedish Society for Nature Conservation.

- If the Licence Holder's annual turnover exceeds twenty million (20,000,000) SEK but does not exceed five hundred million (500,000,000) SEK, the Licence Holder shall pay a penalty of the higher amount of (1) the amount which the Licence Holder saves from its breach of the Licence Terms and Conditions and (2) twenty thousand (20,000) SEK per week commenced during which the breach occurs to the Swedish Society for Nature Conservation.
- If the Licence Holder's annual turnover exceeds five hundred million (500,000,000) SEK, the Licence Holder shall pay a penalty of the higher amount of (1) the amount which the Licence Holder saves from its breach of the Licence Terms and Conditions and (2) fifty thousand (50,000) SEK per week commenced during which the breach occurs to the Swedish Society for Nature Conservation.

15.3. This clause 15 shall apply between the parties (1) following receipt of the Application, regardless of whether the Application is withdrawn or the Licence is otherwise not granted, (2) during the Licence Term, and (3) after expiry of the Licence.

15.4. In the event of damage to the Swedish Society for Nature Conservation caused by the Licence Holder's breach according to 15.1 exceeds the penalty amount, the Swedish Society for Nature Conservation shall be compensated also for such excess damage (indirect and direct) without any limitation on the amount, not withstanding the penalty provision above.

16 Limitation of Liability

- 16.1. The Swedish Society for Nature Conservation is only liable for a breach of contract caused by gross negligence or intent on the part of the Swedish Society for Nature Conservation.
- 16.2. The Swedish Society for Nature Conservation is not liable for errors or omissions that are of no significance to the Licence or that do not involve anything except minor inconvenience to the Licence Holder.
- 16.3. The Swedish Society for Nature Conservation is not liable under any circumstances for errors caused by incorrect information from the Licence Holder.

16.4. The Swedish Society for Nature Conservation is not liable under any circumstances for the Product that the Licence Holder or its subcontractors produce, market or sell with Good Environmental Choice. It is incumbent on the Licence Holder to indemnify the Swedish Society for Nature Conservation against claims from a third party in this respect.

16.5. The Swedish Society for Nature Conservation's liability for damages shall never exceed what the Swedish Society for Nature Conservation has received for the Licence.

16.6. If performance of any of the parties' obligations in accordance with the Licence Terms and Conditions is impeded by unforeseen circumstances outside the control of the parties, such as significant industrial conflict, war, large scale mobilization or military call-up, requisition, currency restrictions, riot, civil commotion, limitations as regards fuel, general shortage of transport, goods, energy or faults or delays in deliveries by subcontractors owing to circumstances such as those stated here, then deviation from the Licence Terms and Conditions owing to such unforeseen occurrence comprises grounds of release from liability to pay compensation and other sanctions in accordance with the Licence Terms and Conditions.

16.7. Any party that cites circumstances in accordance with sub-clause 16.6 shall immediately and in writing notify the other party of the above-mentioned occurrence and its cessation.

17 General

17.1. The Licence Terms and Conditions constitute the complete regulation between the parties regarding the issues governed by the Licence Terms and Conditions. No other provisions, terms and conditions or amendments to terms and conditions shall be applied between the parties unless agreed in writing between the parties.

17.2. In the event of a conflict or ambiguity between the documents regulating the rights and obligations of the Licence Holder and the Swedish Society for Nature Conservation, the following order of precedence shall apply. Provisions in a document with a higher rank shall take precedence over conflicting or deviating provisions in a document with a lower precedence.

- 1) General Terms and Conditions
- 2) The Criteria
- 3) Special Terms and Conditions
- 4) The Application (including related Appendices and information)

17.3. If a provision of lower precedence supplements, but does not conflict with, a provision of higher precedence, both provisions shall apply to the extent that they are compatible.

- 17.4. If any terms and conditions or parts of terms and conditions contained in the Licence Terms and Conditions are adjudged by a competent court to be invalid or unenforceable, the term and condition concerned shall continue to apply subject to such adjustments as the party that has benefited from the adjudication of the court can reasonably request. This party shall direct the other party to apply the adjusted term and condition fully. Invalid or unenforceable terms and conditions do not affect the validity or applicability of other terms and conditions contained in the Licence Terms and Conditions.
- 17.5. All fees that shall be paid to the Swedish Society for Nature Conservation in accordance with the Licence Terms and Conditions are specified as the total amount payable, as the Swedish Society for Nature Conservation is not liable for value-added tax (VAT).
- 17.6. Payment terms for all invoices from the Swedish Society for Nature Conservation are twenty (20) days net, or a longer period if specified by the Swedish Society for Nature Conservation on any invoice. In the event of failure to pay, interest is payable in accordance with Section 6 of the Interest Act until such time as full payment has been made.
- 17.7. All headings in the Licence Terms and Conditions are only given with the purpose of facilitating reading and shall not in any way affect the interpretation of the provisions contained in the Licence Terms and Conditions.
- 17.8. Failure of the Swedish Society for Nature Conservation to claim its rights under the Licence Terms and Conditions does not constitute a waiver of said rights, but they shall continue in full force and effect.
- 17.9. Information that has been submitted to the Swedish Society for Nature Conservation in conjunction with the Application and during the Licence Term is not subject to a confidentiality requirement and shall not be regarded as a business secret under the Act on the Protection of Trade Secrets (1990:409), unless otherwise agreed in writing between the parties.
- 17.10. “Year”, “month” and “week” in the Licence Terms and Conditions mean calendar year, calendar month and calendar week respectively.
- 17.11. Where personal data is processed within the framework of the Swedish Society for Nature Conservation’s licensing procedure, data will be processed in accordance with the policy of the Swedish Society for Nature Conservation. This policy can be found on the Swedish Society for Nature Conservation’s website.
- 17.12. In approving these General Terms and Conditions, you consent to data being processed in accordance with the policy of the Swedish Society for Nature Conservation.

18 Notices

- 18.1. All notices regarding the Licence and the Licence Terms and Conditions shall be in writing and be sent to the other party. The Licence Holder is responsible for ensuring that all the contact details are correct and must promptly notify the Swedish Society for Nature Conservation of any changes or updates to such details.
- 18.2. Notices may be given by:
 - a) messenger. If it can be shown that delivery has taken place, the notice shall be deemed to have been received by the other party at the time of delivery;
 - b) registered letter. The notice shall be deemed to have been received by the other party no later than ten (10) days after it was sent; or
 - c) e-mail. The notice shall then be deemed to have been received by the other party once it has been sent.
- 18.3. Notices may be given by other means if it can be shown that the other party has received the notice or if receipt is confirmed by the other party.

19 Transfer

A Licence may not be transferred without the written consent of the Swedish Society for Nature Conservation.

20 Requests to re-examine a decision

If the Swedish Society for Nature Conservation does not grant a Licence or if a Licence is terminated, the Licence Holder can choose to request re-examination of the Swedish Society for Nature Conservation’s decision by the national board of the Swedish Society for Nature Conservation.

Any request for re-examination must be made in writing and must reach the Swedish Society for Nature Conservation no later than thirty (30) days after the original decision was received by the Licence Holder. The request shall state which decision is to be re-examined, the change to the decision that is requested, and the factual grounds for the request.

If a request is made to re-examine a decision taken by the Swedish Society for Nature Conservation to terminate a Licence with immediate effect in accordance with clause 10 above, the original decision of the Swedish Society for Nature Conservation will remain valid until the national board of the Swedish Society for Nature Conservation decides whether to change this decision.

21 Disputes

Swedish law shall apply in the event of disputes regarding the interpretation or the application of the Licence Terms and Conditions, the Licence and legal relationships related thereto. The proceedings shall take place at a general court in Stockholm, Sweden.

If the Licence Holder is registered in the Nordic countries, i.e. Sweden, Norway, Finland,

Denmark or Iceland, any such dispute shall be finally settled by a general court in Stockholm.

If the Licence Holder is registered outside of the Nordic countries, any such dispute shall be finally settled by arbitration in accordance with the Rules for Expedited Arbitrations of the Arbitration Institute of the Stockholm Chamber of Commerce. The seat of arbitration shall be Stockholm. The language to be used in the arbitral proceedings shall be Swedish

SPECIAL TERMS AND CONDITIONS

01.07.2026

1 Introduction

These Special Terms and Conditions, together with the Application and the General Terms and Conditions 01.07.2026, form the Licence Terms and Conditions that govern the use of Good Environmental Choice for Electricity.

2 Definitions

Please note that the definitions given in the General Terms and Conditions 01.07.2026 also apply for these Special Terms and Conditions, with the addition of the following definitions:

Additionality: Additional environmental benefits are required in order to achieve the purpose of the Electricity Criteria. To achieve these environmental benefits, money must be placed into a project fund as part of the Criteria's environmental requirements. These funds can only finance projects that promote biodiversity or energy efficiency, over and above the base levels set by legislation, support systems or the market.

Production unit: The unit in which production of electricity takes place. The Production unit can consist of an entire plant or part of a plant, for example a furnace in a combined heat and power plant with several combustion chambers or individual wind turbines in a wind farm.

Wind share: A right, purchased from a share company, to buy a predefined volume of electricity at a price set by the share company.

For other definitions, see the Criteria for Good Environmental Choice Electricity.

3 The Product

- 3.1 The product consists of the production specified in the Application from one or more Production units that are covered by the criteria.
- 3.2 As part of the Application, the Licence Holder must indicate which different variants of the Product and/or compositions of variants of the Product are to be covered by the Licence and specify the trade names or designations under which they will be marketed and sold. Variants here refer to the different renewable energy sources from which the Product can be derived, such as hydro power, wind power, solar power, combustion of biofuel.
- 3.3 The different variants/compositions of the Product may be covered by the same Licence, and are then regarded as the same Product. This is on condition that they all meet the Criteria set by the Swedish Society for Nature

Conservation, they have been audited and approved by the Swedish Society for Nature Conservation, and the trade names or designations under which they will be marketed and sold have been reported to, and approved by, the Swedish Society for Nature Conservation.

- 3.4 In addition to what is stated in point 5 of the General Terms and Conditions 01.07.2026, the Licence Holder is not entitled, without prior written approval from the Swedish Society for Nature Conservation, in relation to what is stated in the Application:

a) to use other fuels or types of energy or other composition of fuels or types of energy for the production of the product,

b) to change to another power supplier of the product, or

c) to change to another Production unit.

- 3.5 The Licence Holder shall ensure that the product meets the criteria as calculated on a calendar year basis.

4 Fees and payment procedures

- 4.1 The Licence Holder must pay the Swedish Society for Nature Conservation a non-refundable Application Fee of SEK 10 000, plus an additional fee for each power plant included in the Production unit(s) covered by the Application as follows,

a) bio power, wind power, solar power and other renewable power 1 000 SEK per Production unit,

b) hydro power 3 000 SEK per Production unit

- 4.2 The Licence Holder must pay the Swedish Society for Nature Conservation an annual Licence Fee consisting of (i) a basic fee of SEK 7 000, (ii) a fee of SEK 800 per sold GWh of the Product and (iii) an allocation of money to funds as set out in point 7 below.

- 4.3 The Licence Fee for the first calendar year is based on the figures for the calculated sales of the product that the Licence Holder has stated in the Application. Licence Fees for subsequent years are based on the latest completed annual Inspection or on a forecast from the Licence Holder.

Licence Fees in the form of allocation of money to funds are to be calculated in arrears, based on Product sales.

If the Inspection shows that the actual Licence Fee differs from the amount paid by the Licence Holder, this shall be rectified between the parties as quickly as possible.

- 4.4 The fee of SEK 800 per sold GWh of the Product in accordance with point 4.2 (ii) above shall, however, not be paid for the part of the Product that the Licence Holder can demonstrate has been sold to another Licence Holder as electricity labelled with Good Environmental Choice, who in turn resells this part of the

Product as electricity labelled with Good Environmental Choice.

- 4.5 On notification of changes to the Licence, the Licence Holder shall pay the following fees to the Swedish Society for Nature Conservation:

(a) a basic fee of SEK 3 000 plus additional fee for each Production unit as stated in 4.1 a) and
b) upon assessment and any approval, on notification that power plants other than those specified in the original Application are to be covered by the Licence,

b) SEK 1 500 per hour, with a minimum payment of SEK 3 000, for other work on assessing changes to the Licence.

c) SEK 1 500 per hour, with a minimum payment of SEK 3 000, for other administrative measure.

- 4.6 For administrative measures as, but not limited to, dispensary, gives the Swedish Society for Nature Conservation the right to compensation of 1 500 SEK per hour, but at least 3 000 SEK.

- 4.7 The Swedish Society for Nature Conservation will invoice for the fees specified in this point 4 as follows:

a) the Application Fee is invoiced by the Swedish Society for Nature Conservation once it has received the Application,

b) the initial Licence Fee, with the exception of the allocation of money to funds, is invoiced by the Swedish Society for Nature Conservation once the Licence has been granted, and is calculated based on the number of months remaining in the current year, including the month the Licence is granted,

c) the basic Licence Fee is invoiced as a whole by the Swedish Society for Nature Conservation once the Licence has been granted,

d) subsequent Licence Fees, with the exception of the allocation of money to funds, are invoiced annually in advance by the Swedish Society for Nature Conservation, based on the latest approved Inspection or on a forecast from the Licence Holder.

e) Licence Fees in the form of allocation of money to funds are to be paid annually in arrears, and

f) amendment fees and other administrative fees are invoiced by the Swedish Society for Nature Conservation in arrears.

5 Inspection

- 5.1 The Licence Holder is responsible for ensuring that the Inspection correctly indicates, among other things, Product sales in GWh.
- 5.2 As part of the Inspection, and at their own cost, the Licence Holder is responsible for providing the Swedish Society for Nature Conservation

with information requested in order to ensure that the Licence Holder is abiding by the Criteria and Licence Terms and Conditions.

6 Labelling and marketing rules

- 6.1 With regard to the requirement concerning Product labelling as set out in points 6.5 – 6.6 of the General Terms and Conditions 01.07.2026, the following is to apply: the Good Environmental Choice word-label is to be included on any agreements and invoices attributable to the Product.

Marketing of the Product shall also be promoted on the Licence Holder's website in order to enable customers to select the Product.

- 6.2 In addition to the requirements for marketing set out in point 6.6 of the General Terms and Conditions 01.07.2026, the following shall apply:

In all marketing of the Product, the Licence Holder undertakes to follow the prevailing rules, including those set out in the Communications manual and guidelines, under which, for example, the Licence Holder undertakes to only use the phrase "electricity labelled with Good Environmental Choice" or other terms approved by the Swedish Society for Nature Conservation and not to use phrases such as "environmental electricity", "green electricity", "ecological electricity" or other similar expressions.

- 6.3 The Licence Holder is responsible for ensuring that third parties, resellers without their own Licence for Good Environmental Choice Electricity, comply with the Licence Terms, and clearly state in marketing, on agreements and invoice relation to the Product, which Licence Holder is responsible for how the Good Environmental Choice Brand is used in connection with the sale of the Product.

- 6.4 The Licence Holder shall ensure that information on environmental impact, utilisation of different fuels, etc, relating to the Product is not included in calculations or otherwise included or highlighted in communications, marketing and/or information concerning deliveries of electricity that are not part of the Product. Put another way, the parameters that can be attributed to the Product are allocated solely to the Product, while the parameters that can be attributed to other electricity production are allocated to this other electricity.

7 Allocation of money and disposal of funds

- 7.1 The Licence Holder must annually allocate money to the funds specified in the Criteria for the creation of Additional environmental benefits.
- 7.2 The Licence Holder shall allocate money to their own fund or a fund managed by the

- Swedish Society for Nature Conservation on an annual basis, see Appendix 1 in the Criteria, unless the Licence Holder can demonstrate that this part of the Product is purchased from a producer who has entered into an agreement with the Swedish Society for Nature Conservation and which pays a fund allocation to the Swedish Society for Nature Conservation.
- 7.3 The choice of measures for which the funds are to be used must be approved in writing by the Swedish Society for Nature Conservation and, to the greatest possible extent, in consultation with local environmental organisations and regional authorities.
- 7.4 In instances where the Licence Holder establishes their own disposable fund, this may not be used for measures that are necessitated by legal requirements or by the authorities' permits.
- 7.5 The Licence Holder undertakes to complete the measures specified in the fund-related project Application, and approved by the Swedish Society for Nature Conservation, within a specified period of time.
- 7.6 If the Licence Holder does not use their own disposable funds within 36 months from when the allocation took place, the Swedish Society for Nature Conservation can invoice back the funds to the Swedish Society for Nature Conservation.
- 7.7 If this agreement is terminated, the money held in the Licence Holder's own fund is to be transferred to the funds of the Swedish Society for Nature Conservation, unless otherwise agreed.
- 7.8 The Swedish Society for Nature Conservation is entitled to use 3% of the fund assets for fund administration. Licence Holders who intend to use their own fund, and wish to use 3% for their own fund administration, must report this to the Swedish Society for Nature Conservation in accordance with the specified procedure.

SPECIAL TERMS AND CONDITIONS WIND SHARES 01.10.2021

1 Introduction

These Special Terms and Conditions, together with the Application and the General Terms and Conditions 01.07.2026, form the Licence Terms and Conditions that govern the use of Good Environmental Choice regarding Wind Shares.

2 The Product

- 2.1 The Product consists of the agreements entered into with the purchaser regarding the purchaser's right to buy a certain proportion of electricity from the Licence Holder from one or more Production Units specified in the Application, which are covered by the Criteria for electricity.
- 2.2 Without the prior written approval of the Swedish Society for Nature Conservation, the Licence Holder may not allow any electricity other than that produced in the Production units in question to be included in the Product.
- 2.3 The Licence Holder shall ensure that the Production Units meet the Criteria as calculated on a calendar year basis.

3 Fees and payment procedures

- 3.1 The Licence Holder must pay the Swedish Society for Nature Conservation a non-refundable Application Fee of SEK 10 000, plus an additional SEK 1 000 for each power plant included in the Production unit(s) covered by the Application.
- 3.2 The Licence Holder must pay the Swedish Society for Nature Conservation an annual Licence Fee consisting of (i) a basic fee of SEK 7 000, (ii) a fee of SEK 800 per GWh included in the Product and (iii) an allocation of money to funds as set out in point 6 below.
- 3.3 The Licence Fee for the first calendar year is based on the figures for the calculated scope of the Product that the Licence Holder has stated in the Application. Licence Fees for subsequent years are based on the latest completed Inspection or on a forecast from the Licence Holder.
Licence Fees in the form of allocation of money to funds are to be calculated in arrears. If the Inspection shows that the actual Licence Fee differs from the amount paid by the Licence Holder, this shall be rectified between the parties as quickly as possible.

- 3.4 On notification of changes to the Licence, the Licence Holder shall pay the following fees to the Swedish Society for Nature Conservation:

(a) a basic fee of SEK 3 000 plus SEK 1 000 for each Production Unit/power plant upon assessment and any approval, on notification that Production units other than those specified in the original Application are to be covered by the Licence,

b) SEK 3 000 to assess, and potentially approve, a change of trade name or designation for the Product, and

c) SEK 1 500 per hour, with a minimum payment of SEK 3 000, for other work on assessing changes to the Licence.

d) SEK 1 500 per hour, with a minimum payment of SEK 3 000, for other administrative measures.

- 3.5 For other administrative measures as, but not limited to, dispensary, gives the Swedish Society for Nature Conservation the right to compensation of 1 500 SEK per hour, but at least 3 000 SEK.

- 3.6 The Swedish Society for Nature Conservation will invoice for the fees specified in this point 3 as follows:

a) the Application Fee is invoiced by the Swedish Society for Nature Conservation once it has received the Application,

(b) the initial Licence Fee, with the exception of the allocation of money to funds, is invoiced by the Swedish Society for Nature Conservation once the Licence has been granted, and is calculated based on the number of months remaining in the current year, including the month the Licence is granted,

c) the basic Licence Fee is invoiced as a whole by the Swedish Society for Nature Conservation once the Licence has been granted,

d) subsequent Licence Fees, with the exception of the allocation of money to funds, are invoiced annually in advance by the Swedish Society for Nature Conservation, based on the latest completed Inspection or on a forecast from the Licence Holder,

e) Licence Fees in the form of allocation of money to funds are to be paid annually in arrears, and

f) amendment fees and other administrative fees are invoiced by the Swedish Society for Nature Conservation in arrears.

4 Inspection

- 4.1 The Licence Holder is responsible for ensuring that the Inspection correctly indicates, among other things, the number of GWh covered by the Product for the period in question.

- 4.2 As part of the Inspection, and at their own cost, the Licence Holder is responsible for providing the Swedish Society for Nature Conservation with information requested in order to ensure that the Licence Holder is abiding by the Criteria and the Licence Terms and Conditions.

5 Labelling and marketing rules

- 5.1 With regard to the requirement concerning product labelling as set out in points 6.5 – 6.6 of the General Terms and Conditions 01.07.2026, the following is to apply: the Good Environmental Choice word-label is to be included on any agreements and invoices attributable to the Product.
- 5.2 Under no circumstances may the electricity covered by the Product be labelled with Good Environmental Choice, unless a Licence has been signed with the Swedish Society for Nature Conservation to this effect.

6 Allocation of money and disposal of funds

- 6.1 The Licence Holder must allocate money to the funds specified in the Criteria for the creation of Additional environmental benefits.

- 6.2 The choice of measures for which the funds are to be used must be approved in writing by the Swedish Society for Nature Conservation and, to the greatest possible extent, in consultation with local environmental organisations and regional authorities.

- 6.3 In instances where the Licence Holder establishes their own disposable fund, this may not be used for measures that are necessitated by legal requirements or by the authorities' permits.

- 6.4 The Licence Holder undertakes to complete the measures specified in the fund-related project application, and approved by the Swedish Society for Nature Conservation, within a specified period of time.

- 6.5 If the Licence Holder does not use their own disposable funds within 36 months from when the allocation took place, the Swedish Society for Nature Conservation can invoice back the funds to the Swedish Society for Nature Conservation.

- 6.6 If this agreement is terminated, the money held in the Licence Holder's own fund is to be transferred to the funds of the Swedish Society for Nature Conservation, unless otherwise agreed.
